

KECHARA OASIS

Opened in 2009, Kechara Oasis is inspired by His Eminence Tsem Tulku Rinpoche's compassion towards animals. From our flagship restaurant in Jaya One, we aim to encourage vegetarianism amongst contemporary Malaysian diners, by offering delicious dishes sourced from the finest seasonal produce and high-quality ingredients.

The Kechara Oasis menu features a wide range of distinctive cuisines that caters to people of all walks of life. Kechara Oasis' signature dishes are created with a balance of vibrant flavours and textures inspired by Chinese, Tibetan, Nepali, Vietnamese and Western culinary traditions.

Set up amidst a relaxing ambience with Tibetan touches, our main dining room can comfortably accommodate up to 210 guests for dinner and lunch banquets. For special occasions, our three VIP private rooms can accommodate up to 120 guests in a more intimate setting. The Kechara Oasis service team has over 12 years of experience hosting wedding receptions, special celebrations, non-profit events and business meetings.

Our food philosophy is to serve cuisine that befits a healthy lifestyle and encourages people to dine with compassion. Promoting vegetarianism is also about promoting non-violence by respecting the lives of all living beings. In this way, Kechara Oasis works to create the causes for the larger vision of promoting world peace and harmony.
